In case of payment delay,

For any customer subject to the French Public Procurement Code("code de la commande publique"), from the day following the expiry of the payment period or the due date provided for by the contract, any delay in payment by the public customer shall automatically and without further formality incur default interest ("intérêts moratoires"), at a rate equal to the interest rate applied by the European Central Bank to its most recent refinancing operations, in force on the first day of the six-month period of the calendar year in which default interest began to accrue, increased by eight percentage points. In addition, the customer will be required, for each invoice, to pay a lump sum compensation for recovery costs of forty (40) euros, in accordance with the applicable mandatory legal provisions.

For any customer under private law, in the event of late payment of this invoice the day after the expiry of the payment period, the customer will be required to pay a late payment interest calculated by application to the amounts due, interest equals to one percent per month of delay, and in any case at least equal to three (3) times the legal interest rate. In addition, the customer will be required, for each invoice, to pay a lump sum compensation for recovery costs of forty (40) euros, in accordance with the applicable mandatory legal provisions. For any customer subject to the French Public Procurement Code("code de la commande publique"), from the day following the expiry of the payment period or the due date provided for by the contract, any delay in payment by the public customer shall automatically and without further formality incur default interest ("intérêts moratoires"), at a rate equal to the interest rate applied by the European Central Bank to its most recent refinancing operations, in force on the first day of the six-month period of the calendar year in which default interest began to accrue, increased by eight percentage points. In addition, the customer will be required, for each invoice, to pay a lump sum compensation for recovery costs of forty (40) euros, in accordance with the applicable mandatory legal provisions.

For any customer under private law, in the event of late payment of this invoice the day after the expiry of the payment period, the customer will be required to pay a late payment interest calculated by application to the amounts due, interest equals to one percent per month of delay, and in any case at least equal to three (3) times the legal interest rate. In addition, the customer will be required, for each invoice, to pay a lump sum compensation for recovery costs of forty (40) euros, in accordance with the applicable mandatory legal provisions. However, if the recovery costs actually incurred by the seller are higher than the aforesaid amount, the seller reserves the right to claim for additional compensation to the customer.
